

# Center for Community Health Newsletter

April 14, 2020 • Volume 6, Number 3 & 4

## Building Fit-Out Continues

During this unprecedented time, we continue to strive forward and remain dedicated to the completion of the Center for Community Health project. Over the course of the last month, we have continued to make progress with the interior fit-out of the building. Additionally, in accordance with New York State Executive Order 2606 and subsequent New York City DOB requirements, afterhours work has stopped indefinitely. Working hours are Monday through Friday, 7AM to 6PM.

We are pleased to share that, weather permitting, the parking lane on Eighth Avenue and a portion of Fifth Street will be returned to the community this week. A five-foot walkway will be maintained on the new sidewalk for pedestrians. Barriers will be in place on the sidewalk to maintain public separation from the building and entry points.

Lendlease will continue to do their best to enforce the parking restrictions and truck routing plan on and around the project site. We do ask, however, that you please be patient, as this has been challenging given the current circumstances.

Thank you for your continued support and understanding as we work together to fight COVID-19.

## For More Information:

This newsletter and previous issues are available at <https://www.nyp.org/brooklyn>. Click on the "Center for Community Health Construction Update" tile. Interested members of the community can also request that the newsletter be sent directly to their email addresses by making this request to Caralyn Weiss at [cef9004@nyp.org](mailto:cef9004@nyp.org).

In addition, a number of relevant documents, including the Building Monitoring Plan submitted to and accepted by the Landmarks Preservation Commission, can be accessed at:
