Excavation and Foundation Work Continues

Upcoming Work

Current construction work hours continue to be Monday through Friday, from 7:00 a.m. until 5:00 p.m. Some equipment deliveries are expected on off hours and notices of early deliveries will continue to be sent in advance, as will notice of any other change in the work hours. We do not anticipate extended work hours during the next four weeks. The construction schedule for the next four weeks, **January 16 through February 15**, includes continued excavation and foundation work.

Parking Replacement Program is in Place

The winners of parking spots in our garage, each for a six-month period during the next three years have been notified and the first group of 10 residents were invited to apply for parking passes that will provide free parking passes for our underground garage for the first six months of 2017. We'll arrange for parking passes for each new group of winners, on a biyearly basis during the next two and a half years.
