Center for Community Health Newsletter

Volume 3, Number 2

February 15, 2017

Milestones Ahead

We are currently in an extended period during which excavation and foundation work is taking place. At a recent Community Construction Task Force meeting there was a request that some longer-term milestones that will mark new project phases be published in this newsletter.

Here they are:

- ✚ April 2017: The foundation drilling operation ends.
- ✚ Summer 2017: Foundations completed.
- ✚ Summer/Early Fall 2017: Structural steel work begins
- ✚ Winter 2018: Topping out!
- ✚ First Quarter 2019: Building is enclosed.
- ✚ End of 2019: Substantial completion.

Please note:

Presidents Day, Monday February 20th is a normal working day for most of the construction unions and the job site will be open.

An inside view: Support of Excavation along Eighth Avenue.

Upcoming Work

Current construction work hours are Monday through Friday, from 7:00 a.m. until 6:00 p.m. Some equipment deliveries are expected on off hours and notices of early deliveries will continue to be sent in advance, as will notice of any other change in the work hours. We do not anticipate extended work hours during the next four weeks.

The construction schedule for the next four weeks, **February 15 through March 15**, includes continued excavation and foundation work.

For More Information...

This newsletter and previous issues are available at nyp.org/Brooklyn. Click on the "Center for Community Health Construction Update" tile. Interested members of the community can also request that the newsletter be sent directly to their email addresses by making this request to Lyn Hill at lyh9001@nyp.org.
