Craig Hammerman, District Manager

Dear Mr. Hammerman:

This letter is to confirm that New York Methodist Hospital commits to participate fully in, and to direct its contractor to participate fully in, a community advisory task force hosted/chaired by CB6, concerning impacts of the demolition and construction phase of the Hospital's project (Center for Community Health), which would meet on a monthly basis and more frequently as needed, until the completion of the project.

Sincerely,

A handwritten signature in cursive script that reads "Lyn S. Hill".
