NewYork-Presbyterian

PGY1 & PGY2 Health System
Pharmacy Administration
Residency Program

NewYork-Presbyterian Hospital is the largest, not-for-profit, non-sectarian hospital in New York. With more than 2,600 beds, it provides state-of-the-art inpatient, ambulatory, and preventive care in all areas of medicine at seven major centers: Weill Cornell Medical Center, Columbia University Irving Medical Center, Morgan Stanley Children's Hospital, Phyllis and David Komansky Center for Children's Health, Lower Manhattan Hospital, The Allen Hospital, and Westchester Division.

As one of the largest and most comprehensive healthcare institutions in the world, NewYork-Presbyterian Hospital is committed to excellence in patient care, research, education, and community service. It ranks tenth on the U.S. News & World Report's guide to Best Hospitals. This academic medical center has affiliations with two of the nation's leading medical colleges: Weill Cornell Medical College and Columbia University Vagelos College of Physicians and Surgeons.

With our dedicated staff, modern facilities, state-of-the-art technology, commitment to quality care, and role in educating future physicians, NewYork-Presbyterian Hospital has earned a reputation as a healthcare leader. Whether providing specialty care to the tiniest newborns, performing complex cardiothoracic surgeries, or offering comprehensive primary care, NewYork-Presbyterian Hospital delivers excellence in healthcare with compassion and care.

At NewYork-Presbyterian Hospital we aim to provide pharmacy residents with the most comprehensive and advanced training possible. With nearly 50 dedicated clinical pharmacy specialists, pharmacy is an integral member of the health care team. With hundreds of pharmacy personnel, and world-renowned surgeons and physicians, we ensure that our residents graduate from the program as competent and independent practitioners.

We hope you are interested in joining our team!

Meet Our Residents

PGY1 Health System Pharmacy Administration Resident

Mohak Dave, PharmD

PharmD: University of the Sciences in Philadelphia

PGY2 Health System Pharmacy Administration Resident

Brenna Johnson, PharmD

PharmD: Wayne State University
PGY1: NewYork-Presbyterian Hospital

PGY2 Solid Organ Transplantation Residents

Hannah Underwood, PharmD

PharmD: University of Kentucky
PGY1: University of Illinois at Chicago

PGY2 Critical Care Residents

Andrew Mina, PharmD

PharmD: University of the Sciences in Philadelphia
PGY1: Hackensack University Medical Center

Grace Shinn, PharmD

PharmD: Loma Linda University School of Pharmacy
PGY1: NewYork-Presbyterian Hospital

PGY2 Infectious Disease Resident

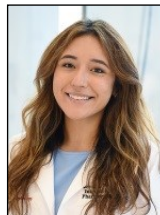

Jamie John, PharmD

PharmD: Rutgers, The State University of New Jersey
PGY1: Christiana Care Health System

Meet Our Residents

PGY2 Internal Medicine Resident

Giovanna Middlebrook, PharmD

PharmD: University of South Florida College of Pharmacy

PGY1: Boca Raton Regional Hospital

PGY1 Pharmacy Residents

Rza Abasov, PharmD

PharmD: Rutgers, The State University of New Jersey

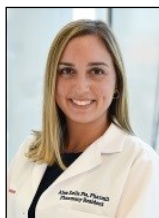

Shawnee Daniel, PharmD

PharmD: Loma Linda University School of Pharmacy

Alexandra Della Pia, PharmD

PharmD: Fairleigh Dickinson University School of Pharmacy

Megan Thomberg, PharmD

PharmD: University of Pittsburgh School of Pharmacy

PGY2 Hematology/Oncology Residents

Rachel Abramova, PharmD

PharmD: St. John's University College of Pharmacy

PGY1: NewYork-Presbyterian Hospital

Stephanie Monaco, PharmD

PharmD: University of Utah

PGY1: Veterans Affairs Salt Lake City Health System

Program Overview

The NewYork-Presbyterian (NYP) Hospital Health-System Pharmacy Administration residency program is a 24 month full-time, post-graduate year one (PGY1) and post-graduate year two (PGY2) combined training program.

The program is designed to prepare pharmacists for clinical and/or operational management positions in hospitals and integrated health care systems. Through directed practical experience, this specialized residency is designed to develop expert skills and competencies in pharmacy practice leadership. We offer a flexible program customized to each resident, but intended to provide clinical, management, research, and teaching experiences. In addition to the core clinical competencies, experiences will include advanced pharmacy leadership, informatics, sterile compounding, regulatory compliance, medication safety, finance, inventory management, and ambulatory operations. Participation in pharmacy practice management activities help increase a resident's understanding of the role of pharmacy in the healthcare system.

Employment Information

Duration:	24 months
Positions:	1
Starting Date:	July 1, 2018
Estimated Stipend:	Year 1 \$46,500; Year 2 \$51,500
Application Deadline:	January 3, 2018
Interview Required:	Yes

Benefits

Additional benefits include health, dental, and life insurance, sick leave, paid time off, and travel reimbursement for professional meetings. Residents also qualify for on-site subsidized housing, if available.

Curriculum

All residents are required to complete rotations in core subject areas considered essential to providing a well-rounded experience. In addition, a wide variety of elective rotations are offered allowing residents flexibility in pursuing their individual areas of interest.

PGY1 Required Rotations

- Orientation & Training	5 weeks
- Drug Information	5 weeks
- Internal Medicine	5 weeks
- Critical Care	5 weeks
- Infectious Diseases	5 weeks
- Pediatrics	5 weeks
- Pharmacy Operations	5 weeks
- Ambulatory Care	5 weeks
- Practice Management	5 weeks

PGY2 Required Rotations

- Advanced Pharmacy Leadership	4 weeks
- Advanced Operations Management	4 weeks
- Informatics	4 weeks
- Sterile Compounding	4 weeks
- Regulatory	4 weeks
- Medication Safety/Quality	4 weeks
- Finance/Business	4 weeks
- Formulary Management	4 weeks

Required Longitudinal Experiences

- Research Project/MUE
- Staffing
- Policy Management
- Management Project
- Committee Involvement
- Human Resources (PGY2 only)
- Preceptor Development
- Professional Development

Meet Our Team

Lung Transplantation

Nicholas Lange, PharmD, BCPS
Kidney/Pancreas Transplantation

Application Requirements

Admission to the residency program is available to PharmD graduates of accredited colleges of pharmacy. Residents must be United States citizens or carry a permanent resident visa. New York licensure is required.

A limited (Intern) permit, issued by the office of Professions – New York State Board of Pharmacy, is necessary until licensure as a pharmacist in New York is obtained.

NYP Residency Programs participate in the ASHP-associated Pharmacy Online Residency Centralized Application Service (PhORCAS). To apply for the residency program, the following items must be submitted through PhORCAS:

- Letter of intent stating goals and interests
- Curriculum vitae
- Three references
- Official college transcripts

Application materials must be received by January 3rd to be considered for an on-site interview.

Further information on our Pharmacy Residency Programs is available on our website - www.nyp.org/pharmacy
