NewYork-Presbyterian Hospital is the largest, not-for-profit, non-sectarian hospital in New York. With more than 2,600 beds, it provides state-of-the-art inpatient, ambulatory, and preventive care in all areas of medicine at seven major centers: Weill Cornell Medical Center, Columbia University Irving Medical Center, Morgan Stanley Children's Hospital, Phyllis and David Komansky Center for Children's Health, Lower Manhattan Hospital, The Allen Hospital, and Westchester Division.

As one of the largest and most comprehensive healthcare institutions in the world, NewYork-Presbyterian Hospital is committed to excellence in patient care, research, education, and community service. It ranks tenth on the U.S. News & World Report’s guide to Best Hospitals. This academic medical center has affiliations with two of the nation’s leading medical colleges: Weill Cornell Medical College and Columbia University Vagelos College of Physicians and Surgeons.

With our dedicated staff, modern facilities, state-of-the-art technology, commitment to quality care, and role in educating future physicians, NewYork-Presbyterian Hospital has earned a reputation as a healthcare leader. Whether providing specialty care to the tiniest newborns, performing complex cardiothoracic surgeries, or offering comprehensive primary care, NewYork-Presbyterian Hospital delivers excellence in healthcare with compassion and care.

At NewYork-Presbyterian Hospital we aim to provide pharmacy residents with the most comprehensive and advanced training possible. With nearly 50 dedicated clinical pharmacy specialists, pharmacy is an integral member of the health care team. With hundreds of pharmacy personnel, and world-renowned surgeons and physicians, we ensure that our residents graduate from the program as competent and independent practitioners.

We hope you are interested in joining our team!

The NewYork-Presbyterian (NYP) Hospital Health-System Pharmacy Administration residency program is a 24 month full-time, post-graduate year one (PGY1) and post-graduate year two (PGY2) combined training program.

The program is designed to prepare pharmacists for clinical and/or operational management positions in hospitals and integrated healthcare systems. Through directed practical experience, this specialized residency is designed to develop expert skills and competencies in pharmacy practice leadership. We offer a flexible program customized to each resident, but intended to provide clinical, management, research, and teaching experiences. In addition to the core clinical competencies, experiences will include advanced pharmacy leadership, informatics, sterile compounding, regulatory compliance, medication safety, finance, inventory management, and ambulatory operations. Participation in pharmacy practice management activities help increase a resident’s understanding of the role of pharmacy in the healthcare system.

Admission to the residency program is available to PharmD graduates of accredited colleges of pharmacy. Residents must be United States citizens or carry a permanent resident visa. New York licensure is required.

A limited (Intern) permit, issued by the office of Professions – New York State Board of Pharmacy, is necessary until licensure as a pharmacist in New York is obtained.

NYP Residency Programs participate in the ASHP-associated Pharmacy Online Residency Centralized Application Service (PhORCAS). To apply for the residency program, the following items must be submitted through PhORCAS:

- Letter of intent stating goals and interests
- Curriculum vitae
- Three references
- Official college transcripts

Application materials must be received by January 3rd to be considered for an on-site interview.
