NewYork-Presbyterian is one of the nation’s most comprehensive, integrated academic healthcare systems, encompassing 10 hospital campuses across the Greater New York area, more than 200 primary and specialty care clinics and medical groups, and an array of telemedicine services.

A leader in medical education, NewYork-Presbyterian Hospital is the only academic medical center in the nation affiliated with two world-class medical schools, Weill Cornell Medicine and Columbia University Vagelos College of Physicians and Surgeons. This collaboration means patients have access to the country’s leading physicians, the full range of medical specialties, latest innovations in care, and research that is developing cures and saving lives.

 Ranked the #5 hospital in the nation and #1 in New York in U.S. News & World Report’s “Best Hospitals” survey, NewYork-Presbyterian Hospital is also recognized as among the best in the nation in every pediatric specialty evaluated in the U.S. News “Best Children’s Hospitals” survey. Founded nearly 250 years ago, NewYork-Presbyterian Hospital has a long legacy of medical breakthroughs and innovation, from the invention of the Pap test to the first successful pediatric heart transplant, to pioneering the groundbreaking heart valve replacement procedure called TAVR.

NewYork-Presbyterian’s 47,000 employees and affiliated physicians are dedicated to providing the highest quality, most compassionate care to New Yorkers and patients from across the country and around the world. NewYork-Presbyterian hospitals are not for profit and provide more than $1 billion in benefits every year to the community, including medical care, school-based health clinics, and support for more than 300 community programs and activities.

www.nyp.org
Welcome to NewYork-Presbyterian/Columbia University Irving Medical Center. Here you will find a staff dedicated to always providing the highest quality, most compassionate care and service to each of our patients in a warm and friendly environment.

To help you and your loved ones while you are here in the Hospital, we have developed this During Your Stay guide. It includes information about services and amenities that are available to make you as comfortable as possible. It also provides important information about your healthcare team and what you need to know to prepare for going home. We want you to be an active participant in your own care, and you will find that our staff members encourage you to ask questions and share any concerns that you or your loved ones might have.

NewYork-Presbyterian is one of the most comprehensive academic medical centers in the world, with leading specialists in every field of medicine. We are very proud of the outstanding care we provide. Most importantly, we are proud of our staff’s commitment to taking great care of you and your loved ones.

At NewYork-Presbyterian, We Put Patients First. So, if you have any questions or if there is anything we can do to ease your stay, don’t hesitate to talk to your doctor or any member of your care team.

Thank you for the privilege of caring for you.

Very truly yours,

Steven J. Corwin, MD
President and Chief Executive Officer
NewYork-Presbyterian
We want you to be an active participant in your own care, and you will find that our staff members encourage you to ask questions and share any concerns that you or your loved ones might have.

## 30 Notes
During your stay at NewYork-Presbyterian/Columbia University Irving Medical Center, you will meet a team of healthcare professionals who work together to care for you. You and your loved ones are also an important part of the care team. We encourage you to speak up and let your needs and concerns be known.

As an academic medical center, NewYork-Presbyterian trains new physicians and serves as a site for teaching medical and health professional students. These individuals may participate in aspects of your care under close supervision by appropriate Hospital staff.

Members of your healthcare team may include, but are not limited to:

**Doctors**

There may be many doctors involved in your care. In addition to your attending doctor, who is often your personal doctor or admitting doctor, you may be seen by other medical or surgical specialists, as well as fellows or residents.

A fellow is a doctor pursuing further training in his or her subspecialty. A resident is a doctor who has completed medical school and is enrolled in a residency training program in a particular specialty. Residents are also referred to as housestaff and work under the careful supervision of attending doctors.

**Nurses**

Nurses are a very important part of your care. They work closely with the doctors and other members of the healthcare team. Our nursing team includes the Patient Care Director (PCD), Clinical Nurse Manager, and clinical registered nurses (RNs). The Patient Care Director is responsible for the supervision of all nursing care on a particular unit or units. A clinical registered nurse plans and coordinates your overall nursing care and assigns tasks as appropriate to other members of the nursing team.

**Care Managers**

Care managers are clinical registered nurses who help you and your loved ones manage your Hospital stay and plan for your return home. Their role is to see that your doctors’ orders are carried out in a timely manner. The care manager may ask you questions about your care and your medical insurance so that you can receive the appropriate benefits covered under your policy.

**Unit Assistants**

Unit assistants greet patients and visitors as they arrive on the unit, answer phones, respond to call bells, and assist with non-clinical patient needs. They are available to answer your questions and direct you within the unit. If the unit assistant does not know the answer, he or she will find the appropriate person on the unit who can help you.
Nursing Support Staff
Nursing support staff assist the nurses with your care. They perform tasks such as taking your blood pressure, assisting you when walking to the bathroom or in the hallway, providing personal hygiene care, and assisting you with your meals. They work directly with the nursing team to meet your healthcare needs.

Advanced Practice Providers
Advanced practice providers are nurse practitioners (NPs) or physician assistants (PAs). They are health professionals who may be members of your healthcare team. They can deliver a broad range of medical and surgical services, conduct physical exams, diagnose and treat illnesses, order and interpret tests, counsel on preventive health care, assist in surgery, and prescribe medications.

Pharmacists
Pharmacists work collaboratively with your healthcare team to review medication orders and advise on safe and effective drug therapy. Our clinical pharmacists have advanced training in a range of specialties, including transplant, cancer, infectious diseases, and intensive care. A pharmacist may visit you to discuss any new medications started at the Hospital. In addition, the pharmacist will make sure the medications you took at home are properly continued during your stay if appropriate.

Social Workers
Social workers address the emotional issues that come with being in a hospital, provide patient and family counseling, coordinate discharge planning, and offer information about support groups.

Dietitians
Registered dietitians are professional members of the healthcare team. They plan for your dietary and nutritional needs during your Hospital stay, according to your doctors’ orders. If you require a special diet, your dietitian provides you with information and teaches you how to follow the diet before you go home.

Nutrition Hosts
Nutrition hosts take your daily meal orders and deliver your meals to your room.

Rehabilitation Services
The Hospital’s physical, occupational, speech-language, and recreation therapists are key members of the healthcare team, providing evaluation and treatment to improve physical, psychosocial, communication, and cognitive abilities of patients following surgery, illness, or injury.

Physical therapists (PTs) focus on functional abilities, helping you regain strength and restore your mobility.
Volunteers
Volunteers provide compassionate care to our patients and their loved ones and create a supportive atmosphere for healthcare professionals. They serve throughout the Hospital and lend a helping hand with a wide range of activities. If you feel a volunteer could help you in some way, please let your nurse know.

Mobile Phones for Clinical Communication
Across NewYork-Presbyterian, staff use the latest mobile phone technology to promote clinical collaboration and enhance patient care. These phones – which are labeled as Patient Care Devices – allow staff to quickly access up-to-date patient data and communicate with other members of the care team anywhere in the Hospital.

Your Meals
You will be offered a choice of meals from the Hospital menu with specific attention to any dietary restrictions that may be related to your condition or treatment. We can also accommodate special requests for vegetarian, kosher, and other dietary preferences.

Breakfast: 8 am to 9 am
Lunch: 11:45 am to 1:30 pm
Dinner: 5 pm to 6:30 pm

Late trays are available, if necessary. Snacks such as juice, crackers, cereal, and milk are available on each patient care unit.

Your Medications
While you are in the Hospital, ask about all medications you receive and why you are taking those medications. The medications you were taking before you came to the Hospital may change as a result of your admission. NewYork-Presbyterian has a list of medications used at the Hospital. Because of this, some of the medications ordered for you in the Hospital may not be the exact same medications you take at home, but they will be similar.
When you are preparing for discharge, we will help get you back on your home medications when it is appropriate for your condition. Any required prescriptions will be sent electronically to your pharmacy or provided to you before you go home. You will also receive a list of the medications that you will need to take at home. A nurse will review your medications with you before your discharge. Remember to take your written medication instructions home.

**Allergies**

Let your doctor and nurse know if you have any allergies, especially to medications, food, and/or to other substances.

**Care Rounds**

A member of your care team will come to your bedside throughout the day to check on your care and comfort needs. If you are awake, the care team member may ask you about your pain level, provide assistance with toileting, check that your room is organized and free of clutter, and answer any questions you or your loved ones may have.

**Quiet Time**

Many inpatient units of the Hospital observe daily designated quiet times to provide you with a quiet, restful environment. During this time, everyone on the unit is asked to keep noise levels to a minimum.

**Pain Management**

Managing your pain is important and may help with healing. Walking, deep breathing, and physical therapy are easier when your pain is controlled. You should always let your healthcare team know if you are feeling pain. Your healthcare team will ask you to describe your pain and pain level. You may be asked to rate your pain on a scale of “0 to 10” or to choose a “face” on a scale that indicates your level of pain. This will also help your healthcare team determine if your treatment or medication should be changed. If you feel your pain relief is not acceptable, tell your nurse immediately.

**Patient Blood Management**

NewYork-Presbyterian has a robust blood management program designed to prevent unnecessary transfusions and safely administer those that are needed. Still, there are risks associated with transfusions. During your inpatient stay, various blood management initiatives are in place to help conserve your blood, prevent anemia, and reduce the likelihood that a blood transfusion will be required. Feel free to speak to your physician about transfusion indications or alternatives to transfusion. If a blood transfusion is not an option for you for religious or other reasons, please alert your physician or nurse and note this on your consent form.

**Therapy Dog Program – NYP Paws for Patients**

NewYork-Presbyterian/Columbia has a therapy dog program through which qualified dogs visit patients who have received permission from their doctors. Therapy dog visits have been shown to provide a number of benefits to patients, including reducing stress, relieving depression, lowering blood pressure, and helping with pain management through distraction. This program is available only in clinically approved areas. If you would like to arrange a special visit with a therapy dog, please let your nurse know. This service is complimentary.
Important Patient Safety Information
At NewYork-Presbyterian, we want to work closely with you to make your care safe. By being actively involved in your care, asking questions, and speaking up, you will help us to achieve optimum outcomes.

Be Actively Involved in Your Care
Your healthcare team will keep you informed about your care. They will listen to your concerns, answer your questions, and explain your treatment plan. If English is not your primary language, we can provide an interpreter for you free of charge. Upon discharge, you will receive written instructions about how to care for yourself at home.

Ask Questions and Speak Up
• Actively participate in decisions about your treatment.
• Ask questions about your care and treatment.
• Ask questions about your discharge instructions.
• Tell us if you do not understand what we are saying to you.
• Ask for an interpreter if you prefer to communicate in a language other than English.

Keep Your Healthcare Team Informed
• Share your medical history, including medications taken, with your healthcare team.
• Tell us about your medical problems and prior surgeries.
• Tell us if you have any allergies.
• Tell us who your support person is.

Expect Healthcare Team Members
to Check and Recheck Your Identification Band
Wear your Hospital identification (ID) band at all times while you are in the Hospital. Our staff will review the information on your Hospital ID band before giving you any medications, before tests, procedures, and X-rays; and when delivering your food tray. If your ID band comes off or is unreadable, ask us to replace it.

Know Your Medications
While you are in the Hospital, ask about all medications you are given and why they have been prescribed for you. A nurse will review your medication(s) with you. Remember to take your written medication instructions home.

Use Your Call Button
There is a red button on the television remote control, which may be used to call for help whenever it is needed. Call buttons are also located in all bathrooms.

Falls Prevention
Your safety is our top priority. For your protection, we strive to make every effort to prevent falls during your Hospital stay. This includes placing your call button within reach, helping you get out of bed, and taking you for walks on the unit. If you are at risk for falling, we will take extra precautions. You will receive additional education on preventing falls that is important for you to follow.

You are at higher risk for a fall in the Hospital due to the new, unfamiliar environment and medications that may be newly prescribed for you. Many patient falls occur when a patient attempts to walk to the bathroom without assistance. Do not attempt to walk to the bathroom alone. Please call for assistance.

Help Prevent Falls
• Call for help before getting out of bed or a chair.
• Keep your call button close to you. Let us know if you cannot reach it.
• Wear Hospital-provided non-skid socks or your shoes when you walk around.
• Check that the brakes are locked before getting in or out of a wheelchair.
• If you wear eyeglasses, make sure they are on before you get out of bed.
• Follow the staff’s instructions to help prevent falls.
Preventing Infections
Preventing infections is very important. There are steps you and your care team can take to prevent infections while you are in the Hospital.

Practice Hand Hygiene
Keeping hands clean is the best way to prevent infections in the Hospital and at home. All members of your care team are required to clean their hands before and after each time they have contact with you. The care team can use either hand sanitizer or soap and water.

If you are not sure whether a member of your care team has cleaned his or her hands, please ask. They will be glad that you reminded them.

Follow Visitor Guidelines
We want you to help prevent the spread of infection, too. Visitors should clean their hands when they arrive and before they leave the Hospital for the day. Ask your visitors to clean their hands before they enter and after they leave your room. If your family members, loved ones, or friends have a cold, cough, fever, or rash, please ask them not to visit until they are better.

Know About Infections You Can Get in the Hospital and How to Prevent Them
These are some of the types of infections that can happen while in the Hospital:

- Central line-associated blood stream infections sometimes happen when you have a special IV in order to undergo medical tests or receive certain medications. The care team should remove the central line as soon as medically advisable to help prevent this type of infection.

- Catheter-associated urinary tract infections sometimes happen when you have a urinary catheter. The care team should remove the catheter as soon as medically advisable to help prevent this type of infection.

- Surgical site infections can happen after surgery. Most patients who have surgery do not get an infection. If you do get an infection, it can usually be treated with antibiotics. Your surgical team will take many steps to prevent this type of infection from developing.

- Multi-drug resistant organism (MDRO) infection is a type of infection that can affect any part of the body. MDRO is caused by bacteria that are hard to treat with most antibiotics. Sometimes MDRO infections happen because of treatment with antibiotics. If you have an MDRO infection, you may be placed in a single room on isolation to prevent the spread of bacteria to others.
Rapid Response Team
A Rapid Response Team is a special Hospital team that can be called by your nurse if your condition changes quickly. The Rapid Response Team consists of at least two of the following healthcare professionals: critical care nurse, physician, physician assistant, nurse practitioner, and respiratory therapist. The Rapid Response Team works closely with your primary physician and nurse to provide care. The team can be called any time of the day or night. If you have questions about the Rapid Response Team, please talk to your nurse or physician.

Patient Services Administration  (212) 305-5904
Patient Services Administration provides a central location for patients and their loved ones to voice their opinions — both positive and negative — about any aspect of Hospital care or services. Our Patient Services team can help you and your loved ones with questions, requests, complaints, or grievances. They also can explain Hospital policy and procedures, and take appropriate steps to see that your rights as a patient are respected.

Patient Services staff are trained in managing the issues that can have an impact on the quality of the patient experience. Patient Services staff are also available to educate patients and their loved ones about advance directives and address any ethical concerns that may arise during a patient’s stay.

Ethics Consultation
The Hospital has an Ethics Committee, and its representatives are available to you, your loved ones, and Hospital staff for help when ethical issues relating to care arise. The Ethics Committee can provide counsel in areas such as ventilator use, feeding tubes, and dialysis. Please speak with your nurse, doctor, social worker, chaplain, or a representative from Patient Services Administration for more information.

Pastoral Care  (212) 305-5817
Office Hours:  Monday through Friday, 9 am to 5 pm
An on-call chaplain is available seven days a week, 24 hours a day.

The multifaith chaplains in the Pastoral Care and Education Department are committed to meeting the spiritual, religious, and cultural needs of patients and their loved ones during hospitalization. If you would like to speak with a chaplain during your Hospital stay, please let a member of the staff know or call the Department directly.

Two interfaith chapels are available for prayer and meditation. The Milstein Chapel, located on the second floor near the elevator bank, is open from 6 am to 10 pm. The Pauline A. Hartford Chapel, located on the first floor of the Presbyterian Hospital Building, is open 24 hours daily. Current worship schedules are available from the Pastoral Care and Education Department.

Consistent with NewYork-Presbyterian’s mission, “We Put Patients First,” the Hospital is committed to providing our patients and their loved ones with their rights and responsibilities.

Your Rights as a Hospital Patient
You have certain rights and protections as a patient guaranteed by state and federal laws. These laws are designed to help promote the quality and safety of your hospital care. The Hospital does not discriminate against any person on the basis of race, color, national origin, ethnicity, culture, disability, age, sex, religion, socioeconomic status, sexual orientation, gender identity or expression, source of payment, or any other characteristic protected by law, in admission, treatment, or participation in its programs, services, and activities.

Consistent with the Hospital’s mission, “We Put Patients First,” the Hospital is committed to providing our patients and their loved ones with their rights and responsibilities. Please review Your Rights as a Hospital Patient in New York State, prepared by the New York State Department of Health, and Patient Rights and Responsibilities, which can be found in the pocket of this guide. Share this material with loved ones and friends involved in your care. If you have a question about your rights or do not understand something, speak to your nurse, doctor, social worker, or Patient Services Administration representative. Questions and concerns about rights and responsibilities may be addressed to Patient Services Administration at:

Nëse kërkonë ndihmë komunikimi, ju lutemi lajmëroni një anëtar të stafit të NewYork-Presbyterian.

**Dolmetscherdienste und Services für hör- und sehbehinderte Personen**

**Usługi tłumacza ustnego oraz dla osób niesłyszących i niewidzących**
**Advance Directives**

Adults in New York State have the legal right to have an Advance Directive. An Advance Directive is a type of written or oral instruction relating to the provision of healthcare when an adult becomes incapacitated. You may want to plan in advance so that your wishes about care/treatment will be followed if you become unable, whether for a short or long period, to decide for yourself. This means that you can ask for or agree to medical care, refuse treatment, and stop treatment after it starts.

The Hospital’s policy is to follow any Advance Directive, such as a Health Care Proxy, Living Will, or Medical Orders for Life-Sustaining Treatment (MOLST), which complies with New York State law, provided that you give a signed copy of the Advance Directive to the Hospital at the time of your visit or admission. In the event of a medical emergency, routine medical emergency procedures will be followed unless a valid Advance Directive exists, is readily available, and provides different guidance.

If you would like more information on how to create an Advance Directive, please contact your physician, social worker, and/or Patient Services Administration, and/or request a copy of the booklet, *Your Rights as a Hospital Patient in New York State*, a resource developed by the New York State Department of Health. Following is information regarding four types of Advance Directives: Health Care Proxy, Living Will, MOLST, and Do Not Resuscitate (DNR).

**Health Care Proxy**

In New York State, individuals have the right to appoint someone they trust to decide about healthcare treatment for them if they become unable to do so for themselves. This appointed person is called a Health Care Agent.

The best way to authorize another person to protect your treatment wishes and concerns is to complete the Health Care Proxy form. This allows you to appoint a Health Care Agent with whom you can discuss your wishes in advance. This form is included in the booklet, *Your Rights as a Hospital Patient in New York State*, found in the pocket of this guide.

**Living Will**

If you do not have someone to appoint as your Health Care Agent or you do not want to appoint someone, you can also give written instructions about your specific treatment choices in advance. These written instructions are called a Living Will.

**Medical Orders for Life-Sustaining Treatment (MOLST)**

MOLST is a New York State authorized document whereby a physician initiates an order regarding whether their patient wishes to be resuscitated or not be resuscitated (see DNR below). The form also allows you to document your preferred wishes regarding all other life-sustaining treatment. MOLST is based on communication among the patient, his or her Health Care Agent or another designated surrogate decision-maker, and healthcare professionals to promote shared, informed medical decision-making.

MOLST forms and additional information can be downloaded from the New York State Department of Health website at www.health.ny.gov/professionals/patients/patient_rights/molst or www.compassionandsupport.org.

**Do Not Resuscitate (DNR)**

A DNR order is entered by a physician to indicate cardiopulmonary resuscitation (CPR) must not be initiated as per the wishes of the patient (or the patient’s legal representatives if the patient can no longer make healthcare decisions) in the event of a cardiac or respiratory arrest.
Visitor Information

Visiting Guidelines
NewYork-Presbyterian is committed to providing all patients full and equal visitation privileges consistent with a patient’s preference, and does not restrict, limit, or otherwise deny visitation privileges based on race, color, national origin, ethnicity, culture, disability, age, sex, religion, socioeconomic status, sexual orientation, gender identity or expression, source of payment, or any other characteristic protected by law.

Patients may designate a support person, an adult family member or friend, to provide emotional support during their Hospital stay. Unless otherwise indicated, the support person has access to the patient 24 hours a day.

The following visiting guidelines apply to inpatient areas, with the exception of behavioral health and pediatric units.

General Visiting Hours
7 am to 9 pm

Overnight Visiting/Quiet Hours
9 pm to 7 am

At 9 pm, we begin observing quiet hours and encourage visitors to leave the Hospital for the night. Everyone on the unit is asked to speak softly and place cell phones on vibrate.

During this time, at the request of the patient, one support person selected by the patient is welcome to stay. For patients in semi-private rooms, the support person may stay in the unit’s visitor lounge and visit intermittently, as long as the patient in the other bed is not disturbed. For patients in private rooms, a support person may remain in the room overnight. Unique situations should be discussed with the staff.

Age of Visitors
Children are permitted to visit with adult supervision. Some units may have additional guidelines for children.

Number of Visitors
In order to promote rest, healing, and privacy, loved ones and friends are encouraged to schedule their visits. From 7 am to 9 pm, we limit visitors at the bedside to two at a time. Many units have visitor waiting areas or lounges. Special requests for visiting should be discussed with the patient’s nurse.

Visitor Belongings
Visitors are responsible for keeping cell phones, computers, and other belongings in their presence at all times. For infection control or safety reasons, some units may have special considerations as to which items may be brought into a patient’s room. Please check with the nurse.
Information Desk (212) 305-2897

Seven days a week, 24 hours a day

The Information Desk, located in the lobby of the Milstein Hospital Building, provides directions and information to patients and visitors.

There is also a Welcome Desk located in the first floor lobby of the Vivian and Seymour Milstein Family Heart Center. The Welcome Desk is open 5 am to 9 pm, Monday through Saturday, and can be reached at (646) 317-4040.

Gift Shop (212) 305-7008

Monday through Friday, 8 am to 9 pm
Saturday, Sunday, and Holidays, 10 am to 9 pm

The Gift Shop is located in the lobby of the Milstein Hospital Building. It offers a wide selection of items, including flowers, toiletries, newspapers, magazines, cards, snacks, beverages, gifts, and mylar balloons. You may call the Gift Shop to have deliveries made to your room.

For the health and safety of our patients, latex balloons are prohibited in the Hospital. Mylar balloons and flowers (fresh cut, artificial, and dried arrangements) are prohibited in all intensive care units, recovery rooms, operating rooms, nurseries, the labor and delivery unit, as well as in oncology and transplant units.

Guest Facility and Hotels

McKeen Pavilion
Milstein Hospital Building
NewYork-Presbyterian/Columbia
177 Fort Washington Avenue, between 165th and 168th Streets
New York, NY 10032
Reservations: (212) 305-7189

Located in the Milstein Hospital Building at NewYork-Presbyterian/Columbia University Irving Medical Center, the McKeen Pavilion offers hotel accommodations for guests and loved ones so friends and family can stay close by during the patient’s hospitalization.

Call for information or reservations, Monday through Friday, 8 am to 5 pm; Saturday and Sunday, 8 am to 4 pm. After hours, ask a nurse to page the Administrator-on-Call who will check on room availability for that night. There are a limited number of rooms in the McKeen Pavilion. If possible, try to make reservations at least two weeks in advance.

Hotel accommodations located in close proximity to NewYork-Presbyterian/Columbia are:

Edge Hotel
514 West 168th Street
New York, NY 10032
Reservations: (212) 543-0005

This new boutique hotel is conveniently located near the Hospital. When calling, ask for the NewYork-Presbyterian rate.

Crowne Plaza Englewood
401 South Van Brunt Street
Englewood, NJ 07631
Reservations: (201) 871-2020

The Crowne Plaza is located just north of Route 4 and Interstate 80. When calling, ask for the NewYork-Presbyterian rate.
Visitor Information

Places to Eat
There are several places to have a meal or snack on the NewYork-Presbyterian/Columbia campus as follows:

Heights Café   (212) 305-4527
Monday through Friday, 7 am to 7 pm
Saturday, Sunday, and Holidays, 7 am to 2 pm

This buffet-style cafeteria is located on the second floor, Milstein Hospital Building, 177 Fort Washington Avenue at 168th Street.

Starbucks
Seven days a week, 24 hours a day

Starbucks is located in the main lobby of the Milstein Hospital Building, 177 Fort Washington Avenue at 168th Street.

Farmer’s Fridge Kiosks
Seven days a week, 24 hours a day

Healthy options, including fresh salads and sandwiches, are available at kiosks located on the second floor of the Milstein Hospital Building and the second floor of the Harkness Pavilion.

Lobby Café   (212) 342-8489
Monday through Friday, 7 am to 7:30 pm
Saturday and Sunday, 8 am to 3:30 pm

The Lobby Café is located in the main lobby of NewYork-Presbyterian Morgan Stanley Children’s Hospital at 3959 Broadway. The Café offers grab-and-go service of gourmet sandwiches, soups and salads, fresh baked goods, kosher meals, specialty beverages, and coffees, lattes, and teas.

Vending Machines
Vending machines are available 24 hours a day in the Milstein Hospital Building on floors 2, 3, 4, 5, 6, 7, and 8, and in various locations throughout the NewYork-Presbyterian/Columbia campus.

Public Restrooms
Gender neutral restrooms are located throughout the Hospital and on every floor, usually near the elevators. For infection control purposes, bathrooms in patient rooms are for patient use only.

ATMs
ATMs are located in:

Presbyterian Hospital Building - Lobby
635 West 168th Street

Milstein Hospital Building - Second Floor
177 Fort Washington Avenue

Harkness Pavilion - First Floor
180 Fort Washington Avenue

Harkness Pavilion - Second Floor
180 Fort Washington Avenue
Welcome Kit
To provide you with a warm reception to our Hospital, you will receive a welcome kit upon your admission. Featuring products from Gilchrist & Soames, the kit includes an array of toiletries and grooming items, ear plugs, a sleep mask, and lip moisturizer. This patient amenity kit will help meet your personal needs until you are either discharged or can obtain grooming items from home. If you have not received a welcome kit, please request one from a staff member.

Telephone Service
NewYork-Presbyterian is pleased to offer complimentary telephone service, including long distance service within the United States.

Television Service
NewYork-Presbyterian is pleased to offer complimentary television service. Programming includes network and local stations, as well as a variety of sports, lifestyle, and movie channels, all free of charge. If you have any questions, please speak with a member of your care team.

Please be considerate of other patients by playing your TV softly or using the Closed Captioning (CC) option where available. We also encourage you to turn off your TV at bedtime. You can also request earphones at the nurses’ station. If you have any questions, please ask a member of your care team.

Patient Education Television Programming
The Hospital offers extensive patient education programming free of charge through your television service. Your nurse can provide you with a list of topics. After you watch a program, if you have any questions about the information, talk to your nurse or doctor.

To view the program:
**Step 1:** Call (212) 305-6717. You will hear several commands.
**Step 2:** Choose a language:
- Press 1 to hear the instructions in English
- Press 2 to hear the instructions in Spanish
**Step 3:** After listening to instructions, press 2 for video on demand.
**Step 4:** Enter the 3-digit video code for the topic you want to watch. You will be asked to confirm your choice.
- Press 1 if correct
- Press 2 if not correct
**Step 5:** You will hear, “Your video selection will begin playing momentarily on channel ___.” Turn your TV to the channel that is mentioned.
**Step 6:** You will hear:
- To repeat this message, press 1
- To end the call and begin playing your video, press 2

Internet Access
You and your loved ones can use a personal laptop computer and most other mobile wireless devices in the Hospital. To access the Internet:
- Open wireless networks
- Click on the “Guest-Net” wireless address
- Accept the terms/conditions to continue to the Internet
Mylar balloons and flowers (fresh cut, artificial, and dried arrangements) are prohibited in all intensive care units, recovery rooms, operating rooms, nurseries, the labor and delivery unit, as well as in oncology and transplant units.

**Electrical Appliances**

For the safety of all patients and employees, the use of non-hospital electrical appliances, such as hairdryers, is restricted to battery-operated devices only. Please note these devices may not be recharged in the Hospital. If you have any questions, please speak with your nurse.

**No Smoking Policy**

NewYork-Presbyterian is a completely smoke-free environment — indoors and outdoors. Smoking, including the use of electronic or other similar vapor producing devices, is prohibited in Hospital buildings, at entrances, on all outside grounds, and in gardens, courtyards, and parking facilities. For information on programs that can help you stop smoking, ask your doctor or visit the Hospital’s website at http://nyp.org/services/smoking-cessation.html.
Private Accommodations
NewYork-Presbyterian/Columbia offers private suites and rooms for patients on most units for an additional cost. The McKeen Pavilion, located on the ninth floor in the Milstein Hospital Building, is a private nursing unit with a hotel-like environment. All rooms are private and many include beautiful Hudson River views. Suites are also available that include a visitors’ sitting room with a sleeper sofa and bathroom. Please contact the Admitting Department at (212) 305-7091 or let your physician know if you are interested in private accommodations. You will be billed for the difference in cost between a semi-private and private room. Normally, insurance plans do not cover the additional charge.

If a semi-private room is not available, you may be assigned to a private room but will not be charged a private room rate. If a semi-private room becomes available, you will have the option of moving to a semi-private room or electing to stay in the private room for an additional private room charge.

Private Duty Nursing (212) 305-2525
Private duty nurses and companions may be hired through the Private Duty Nursing Office, located in the fourth floor Radiology Waiting Room, MHB-04-505, in the Milstein Hospital Building. The Private Duty Nursing Office is open seven days a week from 7 am to 8 pm. After hours, please call the Private Duty Nursing Office and you will be assisted by the On-Call Coordinator.

Private duty nurses and companions are not employed by the Hospital. Their fees will be quoted to you when you call the office. Payment can be made by credit card at the Private Duty Nursing Office.

Global Services (212) 746-9100
If your primary residence is in a country other than the United States, please contact Global Services. Our Global Services staff speak many languages and are available to assist international patients and loved ones with medical and non-medical services, including scheduling doctor appointments, escorting patients to procedures, requesting second medical opinions, and providing information about lodging. The Global Services office is located in the Milstein Hospital Building, ninth floor Central.

Organ Donation
Should you wish to consider organ donation and enroll in the New York State Donate Life Registry, you may do so by calling the New York State Organ and Tissue Donor Registry toll-free at (866) NYDONOR or (866) 693-6667. You may also enroll through the:
- New York State Department of Health website at https://donatelife.ny.gov/register/
- New York State Department of Motor Vehicles website at https://dmv.ny.gov/more-info/register-become-organ-eye-or-tissue-donor
- LiveOn NY website at: liveonny.org or 1 (800) GIFT-4-NY
Preparing to Go Home

Discharge Information
Start thinking about plans for your discharge early in your Hospital stay. Your care manager and social worker will help you and your loved ones arrange an appropriate discharge plan. Each patient has different needs, so we approach the development of all plans with those needs in mind.

When your doctor tells you that you are ready to go home, your nurses will discuss ongoing care with you or your support person. If any prescriptions are required, they will be sent electronically to a pharmacy or provided to you before you go home. You will also receive a written discharge plan that describes the arrangements for any future care that your doctor may order after discharge and a list of the medications that you will need to take at home. You may not be discharged until the services required in your written discharge plan are secured or the Hospital determines they are reasonably available. You also have the right to appeal your discharge plan. An envelope for your discharge information is provided in the pocket of this guide, so you will be able to easily keep track of the material, including discharge plans, medication prescriptions, and any other follow-up information.

As you make arrangements to leave the Hospital, please note that the target discharge time is before 10 am.

Your Checklist for Discharge
Your care team wants everything to be in place when you are ready to leave the Hospital. Use this checklist to make sure you have all the information you need before you go home.

- I have my doctor’s phone number.
- I have an updated list of all my medications.
- I have all the equipment and supplies I need to go home.
- I have reviewed and understand all discharge instructions.
- I know who to call to set up my follow-up appointments or I have all my follow-up appointments set up already.
- I have the name and phone number of the person to call if I have any questions during my first week home.
- I have transportation home from the Hospital.

In addition, answering the following questions will help you have a smooth transition home.

- Do I have clean, comfortable clothes to wear?
- Do I have keys to my home?
- Is there food for me to eat at home?
- Is it the right food for my diet?
- Do I need someone to help me at home?
- If needed, have these arrangements been made?
- Will I need home care services after I leave?
- If needed, have home care services been arranged?
- What else should I ask my doctor, nurse, or therapist?

Parking is complimentary on the day of discharge when you show your discharge papers.
**Discharge Phone Call**
After you are discharged, you should receive a discharge phone call from the Hospital. The purpose of this call is to see how you are feeling, inquire about your experience during your hospitalization, and to help make your transition home as easy as possible. Before you are discharged, please tell your nurse the most convenient telephone number we should use to call you.

**Patient Satisfaction Survey**
After your discharge, you may receive a Patient Satisfaction Survey. The Survey will ask about your stay in the Hospital. Please take a moment to complete and return this Survey, which is very important to us. Your participation will help us take steps to improve the Hospital experience for our patients and their loved ones.

**Cashier**  (212) 305-6200 / (212) 305-2188
Monday through Friday, 8 am to 6 pm

The cashier is located in the main Hospital on the first floor off the main entrance lobby. Payment for Hospital charges and other services can be made by cash, personal check, traveler's checks, or most major credit cards.

**Billing**

**Hospital Charges**
Your Hospital bill should reflect all of the Hospital services you received during your stay. Charges fall into two categories:

- A basic daily rate, which includes your room, meals, nursing care, and housekeeping

- Charges for special services or procedures, which include the operating room, recovery room, and/or items your physician orders for you, such as X-rays or laboratory tests

Additionally, physician charges for services provided in the NewYork-Presbyterian Ambulatory Care Network (ACN or clinic) are included in the Hospital bill and are not billed separately.

Hospitals are required by law to make available information about their standard charges for the items and services they provide. To obtain information about the Hospital’s charges, visit us at http://nyp.org/payingforcare.

**Physician Billing and Services**
You should check with the physician arranging for your Hospital services to determine whether the services of any other physicians practicing at the Hospital will be required for your care, such as anesthesiologists, radiologists, and pathologists. Your physician can provide you with the practice name, mailing address, and telephone number of any physicians whose services he or she anticipates may be needed.

It is also important for you to know that you will be billed separately for physician services you receive while in the Hospital, including those services from physicians who do not see you in person, but who provide professional services related to diagnosing and interpreting test results while you are a patient. These include pathologists, radiologists, and other specialists.

Contact information for the physician groups with which the Hospital has contracted is available online. You may also visit http://nyp.org/payingforcare and contact these groups directly to find out whether they participate in your health plan, or if you have questions about their bills, please call the number printed on the statement you receive from them.
Preventing to Go Home

Insurance and Related Information

NewYork-Presbyterian is a participating provider in many health plan networks. You can find a list of the plans in which we participate by visiting http://nyp.org/payingforcare. Some health plans use smaller networks for certain products they offer so it is important to check whether we participate in the specific plan under which you are covered. Our list will tell you if we do not participate in all of a health plan’s products.

All insured patients should familiarize themselves with the terms of their insurance coverage, including self-insured plans, commercial insurance carriers, HMOs, Medicare, and Medicaid. This will help you understand which Hospital services are covered and what your responsibilities for payment are, if any. You should also bring copies of your insurance cards with you to the Hospital. The Hospital is responsible for submitting bills to your insurance company for Hospital services and will assist you to expedite your claim. You may receive a bill from the Hospital for any deductible/copay/coinsurance or non-covered items indicated on the explanation of benefits received from your insurance company. If you have any questions regarding your insurance coverage, please call (866) 252-0101 or the telephone number indicated on your billing statement.

If you are uninsured, you will be responsible for payment of your Hospital bill unless you are eligible for and receive coverage from other payment sources. NewYork-Presbyterian offers assistance to patients who do not have insurance or are underinsured to determine whether there may be other sources of payment, such as Medicaid, Workers’ Compensation, No-Fault, COBRA benefits, or Charity Care, available to cover Hospital services rendered here.

With regard to Charity Care, NewYork-Presbyterian has a long-standing policy to assist patients who receive healthcare services at our Hospital and are in need of financial aid, regardless of race, color, national origin, ethnicity, culture, disability, age, sex, religion, socioeconomic status, sexual orientation, gender identity or expression, source of payment, or any other characteristic protected by law. If you have a financial obligation to NewYork-Presbyterian and believe you cannot afford to pay, the Hospital has a Charity Care policy that can assist qualified patients. Information regarding eligibility for Charity Care and the application process are available from the Admitting Department, by calling toll-free (866) 252-0101, or can be obtained online at http://nyp.org/payingforcare.

Various physicians and other service providers (providers) may provide care to patients at a Hospital facility. NewYork-Presbyterian’s Ambulatory Care Network (ACN or clinic) providers are covered by the Hospital’s Charity Care policy; other providers are not. Such providers are described by category of service, or department, and the ACN (clinic) at http://nyp.org/payingforcare, if applicable. For more specific information about a particular provider, you may inquire with that provider.

Contact Information

Billing Inquiries: (212) 632-7440
Charity Care Inquiries: (866) 252-0101
Website: www.nyp.org

Medical Records/Health Information Management
(646) 697-4764

Mailing Address
Medical Correspondence Unit
NewYork-Presbyterian/
Columbia University Irving Medical Center
622 West 168th Street
New York, NY 10032

Drop-Off Location
Medical Correspondence Unit
Milstein Hospital Building
Main lobby near the Admitting Department

To request Hospital medical records, patients should complete the Authorization to Disclose Protected Health Information/Medical Records form. This form is available in English, Spanish, and Chinese on the Hospital’s website at http://nyp.org/him, or the form can be picked up from the Medical Correspondence Unit in the Milstein Hospital Building main lobby near the Admitting Department.

Please read the form carefully and check the appropriate box for the information you need. Completed forms may be placed in the Drop Box located by the Medical Correspondence Unit or sent to the mailing address indicated to the left.

For assistance in completing the form, please call (646) 697-4764, Monday through Friday, 8 am to 6 pm.
The NewYork-Presbyterian mobile application (NYP App) is a free mobile guide to patient care. The app centralizes resources for all of NewYork-Presbyterian, making them easy to find.

Download the NYP App from the App Store or Google Play; text “NYP” to 69697; or visit nyp.org/app.

The NewYork-Presbyterian mobile app features:

**Wayfinding**
The NewYork-Presbyterian mobile application provides information on neighborhood restaurants, hotels, and pharmacies, as well as transportation and parking.

**Patient Guide**
The Hospital's patient and visitor guide, *During Your Stay*, can also be found on the NYP App.

**NYP OnDemand**
NewYork-Presbyterian OnDemand is a confidential and secure suite of digital health services for adult and pediatric patients and their providers. Through our telehealth services, you can quickly and easily communicate with NewYork-Presbyterian doctors from your mobile phone, tablet, computer, or kiosks at select Duane Reade locations. Services include:

**Virtual Urgent Care** For certain non-life-threatening illnesses and injuries, video chat with one of our board-certified emergency medicine physicians to get a diagnosis and treatment plan. If medically necessary patients may also receive a prescription sent to a pharmacy of their choosing.

**Video Visit** Video chat with participating doctors conveniently, without traveling to their offices. Your doctor can let you know if he or she participates.

Please note, fees for these services may or may not be covered by insurance. Please check with your insurance company. For more information, visit https://www.nyp.org/ondemand.

**Additional Tools and Services**
• View your health records.
• Refill prescriptions with and/or transfer prescriptions to Duane Reade/Walgreens.
• Find more information about Hospital departments, including contact information.
• Pay your bill online.
• Find physician information quickly for any specialty at the NewYork-Presbyterian location of your choice and save it to one centralized list.
Personal Health Records

NewYork-Presbyterian, Weill Cornell Medicine, and Columbia all use the Epic health record to give your providers the information they need to care for you. We encourage you to use the new patient portal, Connect, which enables you to:

- View test results
- Manage your appointments
- Pay bills
- Contact your doctor’s office
- See records and summaries of your visits
- Have a visit by video with your doctor

Sign up for Connect at any time by visiting www.myconnectnyc.org.

Thank an NYP Employee

This online, Hospital-wide program allows patients and their loved ones to easily recognize employees and teams with an eCard. You can access Thank an NYP Employee at https://myapps.nyp.org/Ecard/. Select the location and department or unit where you received care. Identify your favorite employee(s), select an eCard, add a personal note if you’d like, and send it along.

For more information on how to share your thanks with your favorite employees, you can also scan this code on your smartphone camera.

For More Information

For more information about NewYork-Presbyterian, visit us at www.nyp.org and HealthMatters at healthmatters.nyp.org, and find us on Facebook, Twitter, and YouTube.
Finding Your Way Around

The Hospital’s official address and phone number are:

**NewYork-Presbyterian/ Columbia University Irving Medical Center**

622 West 168th Street
New York, NY 10032

**Directions**

**By Subway**
Take the A or C train to the 168th Street station. From midtown Manhattan, the A train provides express service.

**By Bus**
A number of city buses serve the Hospital: M2, M3, M4, M5, M100, Bx36, Bx11, and Bx3.

For additional bus and subway information, call the Metropolitan Transportation Authority at (718) 330-1234 or visit www.mta.info.

**By Car**

**From Upstate New York and New Jersey**
After crossing the George Washington Bridge, follow signs to the Henry Hudson Parkway (also called the West Side Highway) and then to Riverside Drive. Continue south and turn left onto 165th Street. Take 165th Street one block to Fort Washington Avenue.

For valet parking, turn left onto Fort Washington Avenue and go to the driveway of the Milstein Hospital Building, which will be on your left. For visitor parking, turn right onto Fort Washington Avenue. The visitor parking garage will be on your right.

**From Riverdale and Westchester via the Saw Mill River Parkway**
Exit the Henry Hudson Parkway at the Riverside Drive exit, immediately past the George Washington Bridge. Continue south and turn left onto 165th Street. Take 165th Street one block to Fort Washington Avenue.

For valet parking, turn left onto Fort Washington Avenue and go to the driveway of the Milstein Hospital Building, which will be on your left. For visitor parking, turn right onto Fort Washington Avenue. The visitor parking garage will be on your right.

**From Westchester, Connecticut, and the East Side of Manhattan via the Major Deegan, Cross Bronx Expressway, or Harlem River Drive**
Approaching the George Washington Bridge, take the Henry Hudson Parkway exit. On the approach to the Henry Hudson Parkway, stay to the left and follow signs to Riverside Drive. Continue south and turn left onto 165th Street. Take 165th Street one block to Fort Washington Avenue.

For valet parking, turn left onto Fort Washington Avenue and go to the driveway of the Milstein Hospital Building, which will be on your left. For visitor parking, turn right onto Fort Washington Avenue. The visitor parking garage will be on your right.
From the West Side of Manhattan
Take the Henry Hudson Parkway to Exit 15, Riverside Drive South. Continue south and turn left onto 165th Street. Take 165th Street one block to Fort Washington Avenue.

For valet parking, turn left onto Fort Washington Avenue and go to the driveway of the Milstein Hospital Building, which will be on your left. For visitor parking, turn right onto Fort Washington Avenue. The visitor parking garage will be on your right.

Parking

Visitor Parking
115 Fort Washington Avenue, between 164th and 165th Streets
Open 24 hours a day.

Reduced rate parking is available for family members of patients who expect to be at the Hospital for an extended length of time. A prepaid debit card can be purchased from the Parking Office, which is located on the main/entry level of the visitor parking garage. To be eligible for a prepaid debit card, you must purchase a minimum of five parking days.

In order to receive any discounted rates, you will need an approval form from your doctor’s office verifying date of admission and expected length of stay. For the date of discharge, the parking fee will be waived for patients with validated discharge forms.

If you have any questions, please call the Parking Office at (212) 305-4903, 8 am to 5 pm.
NewYork-Presbyterian is one of the nation’s most comprehensive, integrated academic healthcare systems, encompassing 10 hospital campuses across the Greater New York area, more than 200 primary and specialty care clinics and medical groups, and an array of telemedicine services.

A leader in medical education, NewYork-Presbyterian Hospital is the only academic medical center in the nation affiliated with two world-class medical schools, Weill Cornell Medicine and Columbia University Vagelos College of Physicians and Surgeons. This collaboration means patients have access to the country’s leading physicians, the full range of medical specialties, latest innovations in care, and research that is developing cures and saving lives.

Ranked the #5 hospital in the nation and #1 in New York in U.S. News & World Report’s “Best Hospitals” survey, NewYork-Presbyterian Hospital is also recognized as among the best in the nation in every pediatric specialty evaluated in the U.S. News “Best Children’s Hospitals” survey. Founded nearly 250 years ago, NewYork-Presbyterian Hospital has a long legacy of medical breakthroughs and innovation, from the invention of the Pap test to the first successful pediatric heart transplant, to pioneering the groundbreaking heart valve replacement procedure called TAVR.

NewYork-Presbyterian’s 47,000 employees and affiliated physicians are dedicated to providing the highest quality, most compassionate care to New Yorkers and patients from across the country and around the world. NewYork-Presbyterian hospitals are not for profit and provide more than $1 billion in benefits every year to the community, including medical care, school-based health clinics, and support for more than 300 community programs and activities.
