#	Topic	Responsible Person	Document
1.	Welcome	H. Jabbar, MD	
2.	Review & Approve Minutes: 7/11/2017	H. Jabbar, MD	 Asthma Minutes.docx
3.	<p>DY3Q4 Deliverables:</p> <p><i>Milestone# 5:</i> Ensure coordinated care for asthma patients includes social services and support.</p> <p><i>Metric 5.3:</i> PPS has assembled a care coordination team that includes the use of a nursing staff, pharmacist, dieticians and community health workers to address life style changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.</p> <p><i>Current Status:</i></p> <ul style="list-style-type: none"> Total Care RX and CMMP are working on a strategy for Asthma education. C. Duffy will confirm whether Medicaid patients have a co-pay for Home Care assessments. <p><i>Next Steps:</i></p> <ul style="list-style-type: none"> The PMO will develop the Care Coordination roster for reporting including Pediatricians, Asthma Center, Emergency Department, and Saint Mary’s nurses. 	M. Hay	

	<ul style="list-style-type: none"> The PMO will create a packet for Pharmacist with laminated visual instructions, educational pamphlet with DSRIP referral information. <p>Patient Needs:</p> <ul style="list-style-type: none"> Social services patient needs-resource and gaps. Social services process of coordination <p>Pending Task:</p> <ul style="list-style-type: none"> ACQ and MHPWQ are scheduled to meet on 8/16/2017 to create the education timeline. The goal is to integrate Asthma education in to the school system. Jalen and Marlon met with Dr. Jabbar on 8/4/17 in regards to the Patient Navigation/Care Coordination workflow. <p>Next Steps:</p> <ul style="list-style-type: none"> Jalen will create the workflow and present the information in the next meeting. (9/13/2017) 		
5.	<p>Actively Engaged Patients:</p> <ul style="list-style-type: none"> ACQ and St. Mary’s will collaborate with the PMO to develop an outreach strategy. The strategy will require partners to refer patients to the asthma program. ACQ will train providers on the home assessment referral process. Once the patient is discharged from the ED, the physician will suggest where the patient should go for a follow up. <p>Current Status:</p> <ul style="list-style-type: none"> Kim sent St. Mary’s a list of actively engaged patients so that they can be reviewed and referred for a home assessment. <p>Next Steps:</p> <ul style="list-style-type: none"> ACQ and St. Mary’s will work together and create scripts for providers to use to refer patients for a home assessment. 	<p>H. Jabbar, MD K. Fung</p>	 <p>PDI 14 Asthma Admission Rate.pdf</p>

	<ul style="list-style-type: none"> The PMO will look at actively engaged patients and enroll them into the ACD asthma program. <p>Quality Metric Reference Documents</p> <ul style="list-style-type: none"> Medication Management for Asthma Asthma Medication Ratio Asthma Admission Rate Asthma in Younger Adults <p>Rapid Cycle/Quality Data</p> <ul style="list-style-type: none"> Kim is currently working on the data for Dr. Jabbar to conduct hot spotting of Queens to identify high prevalence areas. 	A. Simmons	 Package
