

Speech Language Pathology and Swallowing

To schedule an appointment for a speech language and/or swallowing assessment at:

- Flushing (Main Campus), please call 1-855-37REHAB (73422)

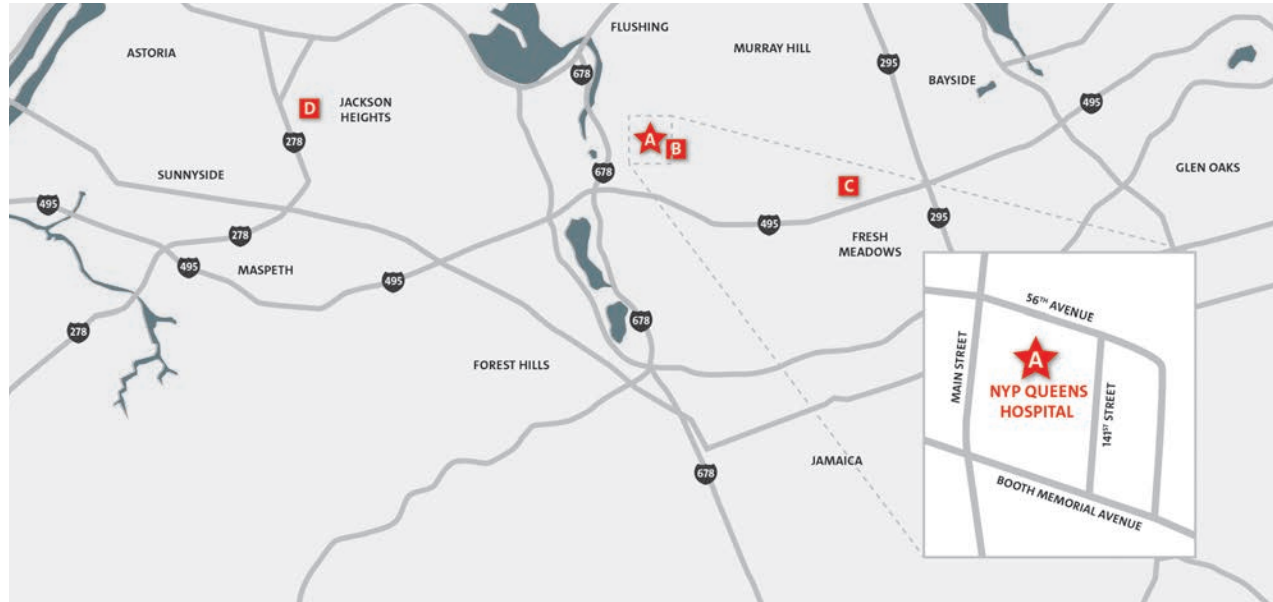

Our licensed and certified speech language pathologists and board-certified swallowing specialists provide diagnostic assessment and therapeutic intervention for a wide range of diseases and conditions that affect communication and swallowing. Using state-of-the-art, evidenced-based assessment and treatment techniques, patients are evaluated and treated with impairments in swallowing or dysphagia, speech, voice, receptive and expressive language, and cognitive-linguistic function. Patients are evaluated using both radiological and endoscopic instrumental swallowing tools.

Common Causes of Communication and Swallowing Problems

- Neurological causes such as stroke, Amyotrophic Lateral Sclerosis (ALS), Parkinson's disease, Multiple Sclerosis and dementia
- Respiratory diseases such as Chronic Obstructive Pulmonary Disease (COPD)
- Traumatic brain injury
- Infectious and inflammatory causes such as acid reflux and/or viral conditions
- Structural abnormalities such as diverticula, esophageal stricture, tumor, or post cervical spine surgery
- Medication-induced abnormalities related to antipsychotics, muscle relaxants, or anticholinergics
- Oral, pharyngeal, and laryngeal cancer
