

December 4, 2017

Cardiovascular Regional Team,

We would like to personally recognize the cardiovascular team and simply thank you for all your collaborations and accomplishments thus far. As our enterprise continues to grow and expand throughout the region, expanding our clinical practices with excellence is imperative.

The Cardiovascular Service Line was our initial area of focus working on Clinical and Operational Standardization, Quality Metrics, Service Stands, Clinical Expertise, and expanding our technology capabilities to maximize our patient experience. This is no small task, and it is a huge testament to you as a member of the Heart Failure and TAVR working teams.

Thank you for your commitment, diligence, and hard work to make these efforts come to fruition and contribute to such a priority throughout our NYP enterprise. It is much appreciated.

Sincerely,

Steven J. Corwin, M.D.
President and Chief Executive Officer

Laura L. Forese, M.D.
Executive Vice President
and Chief Operating Officer
