Starting a Video Visit via Smartphone

Download the MyChart app  by searching “MyChart” within the App Store or Google Play. Once in the MyChart app, search for “Columbia University Irving Medical Center Connect”

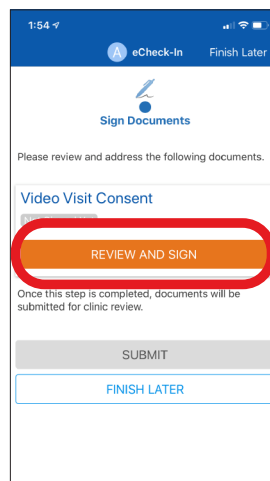

Step 1: Log into your Connect account and click “Appointments”

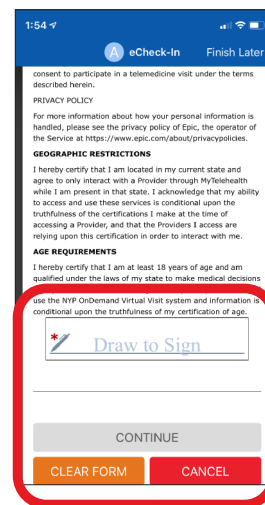

Step 2: Click on “eCheck-In” on the appropriate Video Visit appointment, and then click “Submit”

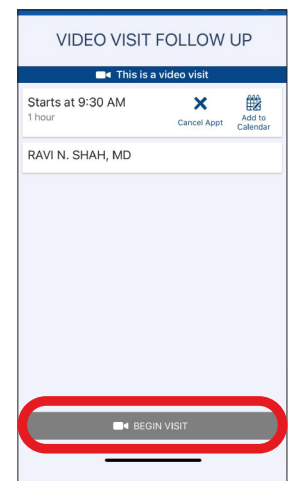

Step 3: Click “Review and Sign”, then click “Continue” to view Video Visit Consent

Step 4: Place your signature in the “Draw to Sign” box and click “Continue”

Step 5: Once green, click the “Begin Visit” button at the bottom of your screen

***Do not click on the Stethoscope “E-Visit” icon as this is an entirely different tool and is not used for video visits**

FRIENDLY REMINDERS AND TIPS

- Make sure you are in a quiet, well-lit room with a strong Wi-Fi signal
- Make sure you are using the latest version of the app on your phone or tablet
- You, or your physician, can start the video visit up to 45 minutes prior to or 120 minutes after the scheduled time
- If you minimize the app during your visit, the camera will pause but the microphone will still be on
- If your connection gets lost, you can restart the video by selecting the appropriate appointment and clicking “Begin Visit”
